

Xpress High Speed Ovens

Helping you cook the same great food faster!

TIME IS MONEY

XPRESS HIGH SPEED OVENS DON'T WASTE EITHER

COMBINES 3 COOKING ENERGIES

Impingement

- 3000W, with adjustable 0-100% fan speed
- Enhances toasting and browning

Convection

- 95°-270°C temperature range
- Enhances browning

Microwave Assist

- 1000W or 2000W options
- Top antenna feed
- Heats quickly, reduces cooking time

FEATURES AND BENEFITS

- Minimised footprint, maximised cavity design
 - Easily accommodates a 12" pizza
- On-demand cooking
 - Prepare fresh foods with great taste and texture
 - Minimize waste. Cook food when it's ordered
- Exclusive chef safety features
 - Cool-to-the-touch exterior
- Flexible cooking platform
 - Use any combination of cooking energies
- Uses metal cookware
 - No special cookware needed — No added expense
 - Maximum metal pan height: 38mm

Falcon Xpress Cooktime Comparisons

FOOD ITEM	Conventional Cooking	MXP	MRX52F	MRX51UF	JET519V3F	JET514UF
Pizza (12")	20:00	2:47	2:47	3:07	3:45	5:00
Large Baked Potato	60.00	4:55	4:55	7:45	5:25	6:45

ENERGY EFFICIENT BY DESIGN

Falcon Xpress High Speed Ovens combine microwave energy with other proven cooking technologies, offering energy savings over traditional equipment

With cooking speeds of up to 15 times faster than conventional methods, operators can cook more in less time while using less energy.

Plus there's no need for costly ventilation!

All Falcon Xpress products are supported by our culinary team. Do not hesitate to contact us for any questions regarding food preparation, menu development and cooking times:
