THE CONCEPT

2020 had not been a good year for hospitality and The Staff Canteen wanted to give our audience and the hospitality industry a break from the stress of the Coronavirus lockdown.

Viewers were invited to interact with the guest chefs on the night, by asking questions during the show. Pubs were closed, so you couldn't go to the pub with your mates, so everyone was invited to come to The Staff Canteen's virtual pub with our mates!

The live shows were informal, fun and full of surprises.

The first episode of Lockdown Lock In broadcast Live on our Facebook page on 7th May 2020 and the series ran for 5 weeks.

THE REACTIONS
